

Greenwich
Sail & Power
Squadron

**Wednesday
January 18, 2012
1930**

At Greenwich Boat &
Yacht Club,
Grass Island, Exit 3 I-95

Our membership will have the extraordinary opportunity to hear from Patrick Sikorski, Executive Director and Trustee of the 12-meter Yacht Development Foundation based in Greenwich. The Foundation's mission is to acquire, restore and preserve historic America's Cup 12-meter yachts and by doing so create a living maritime museum with opportunities for hands-on restoration and sailing experience. These beautiful boats graced the waters off Newport in the years after World War II while defending the America's Cup in what was the greatest sports "dynasty" of all times - 132 years of successful defense!

The presentation will include some rousing video clips of these gracious boats under sail that are sure to stir the souls of all the sailors among us.

As usual refreshments will be provided and there will be ample time to greet the New Year with your fellow members and guests.

Questions? Please email Rick Ewen at rickewen@optonline.net
All GSPS and GB&YC members and their guests are welcome.
